- I don't know
- No response

11. For yourself, how concerned are you about becoming infected and sick from mpox? [Select one answer]

- Not at all concerned
- Slightly concerned
- Somewhat concerned
- Moderately concerned
- Extremely concerned
- I don't know
- No answer

12. Who do you think is most likely to transmit it? [Check all that apply]

- People living with immunodeficiencies
- Children
- Pregnant women
- Sex Workers
- LGBTQ+ groups
- I am not sure
- No answer

13. who is most at risk if they get infected? [Check all that apply]

- People living with immunodeficiencies
- Children
- Pregnant women
- Sex Workers
- LGBTQ+ groups
- I am not sure
- No answer

PRACTICES

12. During which activities do usually wash your hands? [Check all that apply]

- After using the toilet

- Before preparing food
- Before eating
- After eating
- After feeding & watering animals
- After touching surfaces, objects from other person
- After shaking hands or having physical contact with another person
- After taking care/being in contact with a sick person
- Other, Specify

13. With what do you wash your hands? *[Check all that apply]*

- Soap and water
- Water only
- Chlorinated water
- Ash
- Sand
- Other
- No answer

14. The last time you didn't wash your hands with soap was because... *[one single answer]*

- no soap
- no water
- Soap is for clothes not hands
- Not applicable

15. If a person has mpox symptoms and needs to be isolated in a room from the household, how feasible is it? *[one single answer]*

- Easy to isolate him/her in the household
- Not so easy to isolate him/her in the household
- Difficult to isolate him/her in the household
- Impossible to isolate him/her in the household
- I dont Know
- No Answer

16. If a person has symptoms and you cannot share with her/him objects from the house (like blankets, tableware, bed sheets, etc), how feasible it is? [one single answer]

- Easy not to share personal objects
- Not so easy not to share personal objects
- Difficult not to share personal objects
- Impossible not to share personal objects
- I dont Know
- No Answer

HEALTH SEEKING BEHAVIOURS

17. If you or someone in your family falls sick with mpox symptoms, who will decide in your family how it will be treated? [Check all that apply]

- Mother
- Father
- Husband
- Wife
- Aunt
- Uncle
- Grandmother
- Grandfather
- Sibling
- Other, specify
- I don't know
- No answer

18. If you or someone in your family falls sick with mpox symptoms , what do you do? [Check all that apply]

- Self-medication using traditional methods
- Self-medication using modern drugs
- Go to a health centre
- Do not treat/Wait it goes away

- Go to a traditional healer
- Go to a religious healer
- Go to a pharmacy
- Home remedy: specify
- Other, specify
- I don't know
- No answer

- If I am vomiting and have diarrhea
- If someone I trust *[specify according to the context]* me tells me so
- If I have all mpox symptoms and they don't pass in one week
- Other, specify
- I don't know
- No answer

20. Are you aware where can you seek treatment for mpox in your area? *[Select one answer]*

- Yes
- No
- No answer

21. How long does it take for you to get to the nearest health center? *[open question]*

22. If you get any of the mpox symptoms would you go to a health center ? *[Select one answer]*

- Yes
- No
- No answer
- Don't know

23. For which reasons wouldn't you go to a health center? *[Check all that apply]*

- Distance
- Fear
- Lack of money
- Wait times
- Staff attitude and behaviour
- Lack of supply
- Staff not speaking the local language
- Lack of trained staff
- Other, specify
- No answer

COMMUNICATION CHANNELS

24. Through which channel did you receive information about mpox? [Check maximum three answers]

- Television
- Newspaper
- Radio
- Social Media
- Messaging Apps
- Other online sources
- WHO
- Other organisations
- Ministry of Health
- Schools
- Other, specify
- No answer

25. Do you find the information you receive about mpox useful? [One single answer]

- Yes
- No
- Don't know
- No answer

26. **If no, for which reasons the information is not useful?** *[Open question]*

27. **What are the main rumours/beliefs, concerns, questions that you hear in your community about mpox?** *[Open question]*

28. **Through which channel would you like to receive information about mpox?** *[Check maximum three answers]*

- Television
- Newspaper
- Radio
- Social Media
- Messaging Apps
- Other online sources
- WHO
- Other organisations
- Ministry of Health
- Schools
- Other, specify
- No answer

- Youth Leaders
- Other, specify
- No answer

30. In which language would you like to receive information? [open question]

VACCINATION

31. Have you heard of mpox vaccine?

[Select one answer option]

- Yes
- No
- Don't know
- No answer

32. If yes, how did you hear about the vaccine? [Check all that apply]

- Health worker
- Friend or family member
- Village leader
- Radio
- Television
- School
- Religious leader
- Other, specify
- No answer

33. Have you seen or heard anything bad / negative information about the vaccine? [Select one answer option]"

- Yes
- No
- No answer

34. If yes, What did you hear? [open text]

35. How useful is the information you receive about the vaccine? [Select one answer option]

- Very useful
- Somewhat useful
- Not useful
- Not applicable
- Don't know
- No answer

36. If not useful, why? [open text]

37. If a vaccine against mpox was available, would you be willing to get it?[Select one answer option]

- Yes
- No
- Don't know
- No answer

38. If no, what stops you from taking the vaccine? [Check all that apply]

- There are others who should get it first because of the age / health condition
- Lack of information
- There are not enough vaccines
- Fear that the vaccine will be reserved for citizens only
- To become infected with COVID [insert other disease if appropriate]
- To be sick
- It is not a good vaccine
- It is not effective
- It can kill me
- Having serious side-effects
- I don't need the vaccine ("My immunity is sufficient", "I am protected")
- Concerned about costs
- I prefer to wait and see (how others are reacting to the vaccine)
- Other, specify
- Don't know

- No answer

39. If it was time for you to get the mpox vaccine, would you need permission to go and get it? [Select one answer option]

- Yes
- No
- Don't know
- No answer

40. From who? [Check all that apply]

- Husband
- Wife
- Mother
- Father
- Aunt
- Uncle
- Mother in law
- Father on law
- Grandfather
- Grandmother
- Sibling
- Community leader
- Other, specify
- No answer

41. Where would you prefer to get the mpox vaccine? [Check all that apply]

- Hospital
- Health centre/clinic
- Workplace
- Pharmacy
- Community centre, meeting hall, or local shop
- Somewhere else (specify):
- I don't want the vaccine

- No answer

42. Why have you chosen that location? *[Check all that apply]*

- It is the closest place to my house
- I trust the people that work there the most
- The facilities there are cleaner and nicer
- The waiting time is less
- Less expensive
- better working hours
- No answer

43. In case you took the vaccine, how satisfied are you with the service provided at the vaccination site? *[Select one answer option]*

- Very satisfied
- Satisfied
- Neither satisfied nor dissatisfied
- Dissatisfied
- Very dissatisfied
- No answer

44. If you were not at all satisfied, why not? *[open question]*

45. After getting the vaccine, would it still be important to practice any protective measures such as frequent handwashing?? *[Select one answer option]*

- Very Important
- Important
- Moderately Important
- Slightly Important
- Not Important
- Don't know
- No answer
