

## **EXERCISE**

Identify three practical steps or changes you can take in your context that can encourage the uptake of your research?

Try to think of your experience, a time when you have been engaged in a research and how you have managed to use it to inform and improve humanitarian assistance.

Each group to define 3 practical steps (they must be in order of importance) to creating an enabling environment.

You have 20' for this exercise.

Before you begin try this activity: <https://thisissand.com/>

Identify 3 practical steps or changes you can take in your context that can encourage the uptake of your research?

**STEP 1  
YELLOW**

**STEP 2  
GREEN**

**STEP 3  
BLUE**

Providing information can support operational and/or strategic decisions

**YELLOW**

**STEP 1  
YELLOW**

**STEP 2
